When assessing Payroll Source 2013 in comparison to earlier or later editions, several points of interest emerge. Earlier editions provided foundational payroll knowledge but lacked the incorporation of tax law changes post-2010, particularly those associated with the post-recession recovery period. Conversely, editions released after 2013 include further developments such as more robust ACA compliance guidelines and adjustments related to the Tax Cuts and Jobs Act of 2017.

The 2013 edition strikes a balance between foundational principles and contemporary updates relevant to that period. For payroll professionals dealing with historical payroll data or audits covering 2013-2014, this edition remains highly pertinent.
