What is Franchising?

Franchising is a business model where a franchisee purchases the rights to operate a location or multiple locations of an established brand, known as the franchisor. This relationship is governed by a franchise agreement, which grants the franchisee the license to use the brand's trademarks, operating systems, and support infrastructure in exchange for fees and royalties.

The franchisor, in turn, benefits from rapid expansion, brand recognition, and a steady stream of income through franchise fees, royalties, and other contractual obligations.
