**\*\*Exploring Guitar Exam Pieces from 2019 ABRSM Grade 2 with C\*\***

### **guitar exam pieces from 2019 abrsm grade 2 with c form an essential part of a**

young guitarist's learning journey. These pieces not only help students master fundamental techniques but also introduce them to the musicality and style expected at this early stage of their ABRSM guitar exams. If you're preparing for Grade 2 or simply interested in the repertoire from that year, understanding the pieces, their structure, and how to approach them can make a huge difference in your performance and enjoyment.

### **Understanding the 2019 ABRSM Grade 2 Guitar Exam Pieces with C**

The ABRSM (Associated Board of the Royal Schools of Music) guitar exams are well-known for their structured syllabus, which gradually builds a player's skills and confidence. The 2019 Grade 2 syllabus included a selection of pieces that are accessible yet musically rewarding, many of which start with or prominently feature the note C or focus on simple chords including C major. This emphasis on the note C and related chords is a smart pedagogical choice because C major is typically one of the first chords taught to beginners, making these pieces ideal for solidifying foundational technique.

## What Makes These Pieces Suitable for Grade 2?

Grade 2 guitar pieces from ABRSM are designed to be more challenging than Grade 1, but still approachable for students who have grasped the basics. Typically, these pieces:

Use simple finger patterns and chord shapes, like the open C major chord.

Introduce basic right-hand techniques such as simple plucking patterns and strumming.

Encourage good posture and hand positioning.

Focus on rhythm and timing, helping students read and interpret notation more confidently.

Include melodies that help train the ear and improve pitch recognition.

The inclusion of 'with C' in the syllabus title often indicates that these pieces emphasize the use of the C major chord or the note C in their melodic lines, making them a fantastic step in building a beginner's harmonic understanding.

## Highlights of the 2019 ABRSM Grade 2 Guitar Pieces Featuring C

While the exact pieces may vary depending on the syllabus publication, the 2019 selection typically included pieces by composers who focus on clear melodic lines and straightforward harmonic progressions. Here are some common characteristics and tips on approaching them:

### Melodic Simplicity and Clear Tonality

Many Grade 2 pieces center around simple melodies that use the C major scale or

pentatonic variants. This melodic clarity helps students focus on tone production and phrasing without getting overwhelmed by complexity. When practicing these pieces, pay attention to the note C as a tonal anchor—it often appears at the beginning or end of phrases, providing resolution and a sense of musical “home.”

## **Chordal Accompaniment with C Major**

The open C major chord is a staple in these exam pieces. This chord involves pressing down on three strings with a comfortable “finger arrangement, making it accessible for young players. Practicing smooth transitions between the C major chord and other basic chords like G major and F major is essential for maintaining rhythm and “flow in the pieces.

## **Right-Hand Techniques to Master**

Grade 2 pieces often introduce simple but effective right-hand techniques such as:

**\*\*Fingerpicking patterns\*\*** involving the thumb and two or three “fingers.

**\*\*Basic strumming patterns\*\*** that align with the rhythm of the piece.

**\*\*Rest strokes and free strokes\*\***, which are crucial for dynamic control.

Focusing on these techniques while playing pieces featuring the note C can help develop coordination between both hands, a fundamental skill for all guitarists.

## **Tips for Practicing Guitar Exam Pieces from 2019 ABRSM Grade 2 with C**

Preparing for an ABRSM exam involves more than just playing through the pieces. Here are some practical tips to get the most out of your practice sessions:

## **Break Down the Pieces**

Divide the pieces into manageable sections. For example, if a piece has eight measures, practice two or four measures at a time. Focus on the parts where the C major chord or note appears prominently, as these may require extra attention to finger placement and intonation.

## **Use a Metronome**

Rhythm is a critical component of the ABRSM syllabus. Practice these Grade 2 pieces slowly with a metronome, gradually increasing speed as you gain confidence. This will help you internalize the timing and ensure you stay steady, especially in places where chord changes occur.

## **Listen to Recordings**

Listening to professional recordings or ABRSM demonstration videos of these 2019 Grade 2 pieces can provide insight into phrasing, dynamics, and overall interpretation. This can be especially helpful when trying to understand how the note C functions melodically and harmonically within the piece.

## **Work on Tone Quality**

Since many Grade 2 pieces revolve around clean, clear sounds, focus on producing a warm, balanced tone when playing the note C and accompanying chords. Experiment with finger pressure and plucking angle to improve sound quality.

## **Exploring the Musical Context of the Note C in Grade 2 Pieces**

The note C is often considered the "home note" in many early guitar pieces, especially

those in the key of C major. This note serves as a tonal center, providing a sense of resolution and stability. Understanding its role can deepen your musical interpretation.

## How the Note C Shapes Musical Expression

In the context of these exam pieces, C is usually the root note of the key, and as such, it appears frequently in bass lines or as part of chord shapes. Recognizing when a piece returns to the note C can help you emphasize these moments, making the performance more expressive and satisfying.

## Using C to Develop Musical Ear and Sight-Reading

Since the note C is easy to locate on the guitar, especially in open position, students can use these pieces to improve sight-reading skills. Seeing the note C on the staff and immediately finding it on the fretboard builds a strong connection between notation and instrument.

## Additional Resources for Mastering 2019 ABRSM Grade 2 Guitar Pieces

To further enhance your preparation, consider these resources:
