How to Play Oh Happy Day on Piano: Step-by-Step

If you're new to the song, breaking it down into manageable sections can make learning more approachable. Here's a simple roadmap to guide you through the process.

Start by playing the melody with your right hand alone. Focus on playing smoothly and clearly, paying attention to the rhythm. The opening notes are often repeated, which helps reinforce muscle memory.

Practicing the melody slowly and then gradually increasing tempo will help you gain confidence. Using a metronome can be beneficial to keep timing consistent.
