1. Report Title and Date

Start with a clear title that indicates the nature of the visit, followed by the date and time of the inspection. This helps in organizing reports chronologically and makes referencing easier.

2. Purpose of the Visit

Brie?y explain why the site visit was conducted. Was it a routine inspection, a follow-up visit, or an assessment for project feasibility? This context helps readers understand the focus of the report.

3. Site Description

Provide details about the location, including address, site conditions, and any relevant background information. This section sets the stage for the observations that follow.
