beyond methodology to the audience and market relevance of this accounting innovation.

The approach primarily targets:

Lean Manufacturing Enterprises: Companies already embracing lean production

1.

seek ?nancial systems that mirror their operational philosophy.

Small to Medium Businesses: Firms looking for practical, straightforward

2.

accounting solutions that avoid the complexity of traditional systems.

Financial and Operational Managers: Professionals aiming to bridge the gap

3.

between ?nance and operations for more cohesive decision-making.

The adoption of lean accounting practices re?ects a broader trend in business towards agility, e?ciency, and transparency, resonating with market demands for smarter ?nancial oversight.
