He suffered from severe asthma, which often left him weak and confined indoors. However, instead of succumbing to his health issues, Roosevelt developed a deep passion for physical fitness and the outdoors. This determination to overcome his physical limitations defined much of his character.

Roosevelt's early education was rigorous, focusing heavily on history, literature, and

natural sciences. His love for nature was cultivated during family trips to the countryside, and he developed a lifelong commitment to conservation. These early experiences shaped his later policies as a leader who championed the protection of America's natural landscapes.

Before becoming president, Roosevelt was appointed Assistant Secretary of the Navy in 1897, where he advocated for a strong naval force and prepared the U.S. for a more assertive role on the world stage. When the Spanish-American War broke out in 1898, Roosevelt resigned his post to lead the Rough Riders, a volunteer cavalry regiment. His bravery and leadership in battles like San Juan Hill made him a national hero and catapulted him into the public eye.

Vice Presidency to Presidency

In 1900, Roosevelt was elected Vice President under President William McKinley. When McKinley was assassinated in 1901, Roosevelt became the youngest president in American history at the age of 42. His presidency marked a significant shift toward progressive reforms and a more active executive branch.

Trust-Busting and Economic Reform

One of Roosevelt's hallmark policies was his aggressive stance against monopolies, earning him the nickname "trust-buster." Russo-Japanese War earned him the Nobel Peace Prize, and he oversaw the construction of the Panama Canal, which was vital for global trade and military strategy.
